Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

Figure 1 is a legend for map symbols. It is organized into two columns. The left column contains symbols for various types of roads and boundaries, while the right column contains symbols for water features and other map elements. The symbols are as follows:

- Highway:** A solid black line.
- Secondary Road:** A solid black line with short perpendicular tick marks.
- Jeep Trail/Walkway/Ferry:** A dashed black line with small circles.
- Railroad:** A black line with cross-ticks.
- Military:** A blue dashed line with small squares.
- Pipe/Power Line:** A black line with small circles.
